Upon reconsideration of the record, applicants' specification demonstrates unexpected results for values of proportional dry time. Ms. Bermel's Declaration proves that differences in the reported values could not be fully attributed to the polyvinyl alcohol used in forming the image-receiving layers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
